octopuses don t have tentacles discovery

May 26th, 2020 - many people refer to octopus limbs as tentacles but technically octopuses don t have any tentacles at all instead they have arms when you re talking about cephalopods tentacles tend to be much longer than arms and only have suckers at their clubbed ends whereas arms are shorter stronger and suckered all the way down"***e elias merhige***

May 23rd, 2020 - edmund elias merhige known as e elias merhige ?mær?d? pronounced like marriage born june 14 1964 is an american film director born in brooklyn new york city merhige is known to mainstream audiences for his work on the 2000 film shadow of the vampire and to underground audiences for the cult 1990 film begotten'
