mark jago
presents and
defends a novel
theory of what
truth is in terms
of the
metaphysical
notion of
truthmaking this
is the relation
which holds
between a truth
and some entity
in the world in
virtue of which
that truth is
true by ing to an

this relation he

reading is

June 3rd, 2020 -
in the book in
question carol
jago issues a

call to action
reading is in
crisis too often
too many students
are choosing not
to read there is
urgency to our
work she argues
we are living in
an increasingly
polarized world
books offer
access to lives
and stories
outside the
boundaries of our
limited first
hand experience'
