### architectural lighting design

May 26th, 2020 -

architectural lighting  
design is a field within  
architecture interior  
design and electrical  
engineering that is  
concerned with the design  
of lighting systems  
including natural light  
electric light or both to  
serve human needs the aim  
of lighting design is the  
human response to see  
clearly and without  
disfort the objective of  
architectural lighting  
design is to further the  
design of'
