What is VoIP VOIP in a Nutshell Coursera
April 4th, 2020 - This module will take a
high level look at what VoIP is in a
nutshell Essentially we would like to
talk a little more in depth about the key
terms you may have seen in module 1 We

will also go over a great open source VoIP application called Linphone and explain a variety of ways you can use this open source code to expand on a VoIP application we will be making later on in the course'

**'Unit 3 1 The Jack Language in a nutshell
Coursera**

April 24th, 2020 - Welcome to Module 3 of
Nand to Tetris in which we are going to
discuss high level programming in
languages like Java and Python However we

will not discuss these languages directly
Instead we ll deal with the Jack language
because we want you to participate in
this fascinating process of not only
using a high level language but also
designing it from scratch and writing a
piler for it''**Blogmarks Public marks from
