Interactive Data Visualization Foundations Techniques

April 23rd, 2020 - College level collections strong in concepts and theory surrounding data visualization will find Interactive Data Visualization Foundations Techniques and Applications to be a powerful addition covering all the details and tools needed for building visualizations around data'

'Glyph sorting Interactive visualization for multi

April 20th, 2020 - Glyph based visualization is an effective tool for depicting multivariate information Since sorting is one of the most mon analytical tasks performed on individual attributes of a multi dimensional dataset this motivates the hypothesis that introducing glyph sorting would significantly enhance the usability of glyph based visualization' 'Interactive Data Visualization 2nd edition 9781482257373
