## **'why wolfram tech isn t open source a dozen reasons**

June 6th, 2020 - much of this blog could be summed up with two answers 1 free open source software can be very good but it isn t good at doing what we are trying to do with a large fraction of the reason being 2 open source distributes design over small self assembling groups who individually tackle parts of an overall task but large scale unified design needs centralized control and sustained effort'
