July 17th, 2018 - for catia v5 b catia v5 macro programming with visual basic script i shows newdelhi sanjuan macro to extract dimensions related to instantiate 2d'

'what is the function of ISOLATE command in catia GrabCAD

July 12th, 2018 - there are some isolates I think you mean this isolate removes the the history of geometrical

element you will see a red sign in the feature tree isolate is similar to create datum mode'

'vba extracting measurements from catpart in CATIA V5

July 14th, 2018 - I have CATPART and I have manually done

measurements I want to create macro using CAT VBA and extract measurements from CATPART and export it to excel''**About Automation La documentation et le**

manuel de Catia V5

July 1st, 2018 - A macro is a way to store properties chained in one statement as in the extract on this technique are

automatically inserted in CATIA macros' 'GURUCAD V5 MACROS EN Macro

Computer Science

July 5th, 2018 -

Overview GURUCAD ISOLATE CATPART V5 MACRO is a CATIA V5 macro that will process all CATIA V5 CATParts found inside a user input folder and

also in its sub folders
Each CATIA V5 CATPart
main body PartBody will
be isolated and the
hystory based PartBody
will be deleted together
with all GeometricalSets
user parameters and
auxiliary axis'

According to the CATIA
help files any view that*

was'

'Extracting Geometry

CATIADOC

July 14th, 2018 - This task shows how to perform an extract from elements curves points surfaces solids volumes and so forth This may be especially useful when a generated element is composed of several non connex sub elements Using the extract capability you can generate separate elements from these sub elements without

deleting the initial
element'
