**'Cadence PCB Libraries Ultra Librarian**

**December 25th, 2019 - Ultra Librarian has teamed up with Cadence to provide users with access to millions of pre built parts directly inside OrCAD The Ultra Librarian plug in for OrCAD provides a unified library solution by automatically linking elements of the part as a single component with multiple views for logical schematic symbol physical PCB footprint"Cadence OrCAD 16 6 full download FREE**

**December 26th, 2019 - NOW GET OrCAD 17 2 Cadence OrCAD 16 6 version is the new version of OrCAD schematic and PCB designing tool with lot of improvements We all know that since the OrCAD 16 3 version there has been no proper crack to use OrCAD'**

**'Manually route inside OrCAD Layout with no netlist**

**November 16th, 2019 - I m using an old OrCAD Layout version 10 5 and am very satisfied with it so far But I have one question about manual routing I always create a schematic using Capture generate a netlist then import it into Layout Ok fine Is it possible to manually route traces inside OrCAD Layout with no netlist installed I mean put some'**

**'Ultra Librarian for OrCAD EMA Design Automation**

*December 23rd, 2019 - Ultra Librarian ® for OrCAD provides a comprehensive cloud based library of over 12 million components eliminating the need for manual building and maintenance Ultra Librarian for OrCAD offers engineers the option to search preview and place components quickly without leaving the native CAD design environment saving time and eliminating errors'*
