'the empire strikes back movie review 1997 roger ebert

June 2nd, 2020 - the empire strikes back is the best of three star wars films and the most thought provoking after the space opera cheerfulness of the original film this one plunges into darkness and even despair and surrenders more pletely to the underlying mystery of the story it is because of the emotions stirred in empire that the entire series takes on a mythic quality that resonates back'
