equality and diversity
in health and social
care includes embracing
people of all kinds and
allowing them access to
the relevant health and
social services they
need promoting these
ideals in health and
social care is hugely
important as everyone
should be able to
access the relevant
services and not have

closely allied to
inclusion is the need
for anti discriminatory
practice discrimination
is often the underlying
cause behind lack of
inclusion it means
treating a person or
group unfairly because
of a particular
characteristic such as
gender disability age
ethnic origin skin
colour nationality
sexuality and or
religious belief'**

**'p4 explain how
national initiatives
promote anti**

June 1st, 2020 - the
equality act has an
influence on the
national policy
initiative promoting
anti discriminatory
practice it can
influence the policy in
different workplaces
because it helps to
look at things that
people can be
discriminated on and
ways to overere them some
things that people can
be discriminated on are
things like age gender
culture'
