LC8 Engine owners preventative maintenance  
KTM SuperDuke

December 7th, 2019 - Unfortunately I am  
speaking to you first hand as my 2007  
Superduke is still in the dealers due for  
release hopefully today I don t want to alarm  
anyone or insinuate that the LC8 engine is  
not reliable but I do believe it may have an  
achilles heel'

'KTM LC8 motorcyclespecs co za

December 16th, 2019 - The new engine called  
LC8 was complete and had its first dyno run  
on August 11 1999 in exactly 12 months from  
the start After the successful engine  
development the time came to design the body  
of 950 Adventure Development and management  
departments of KTM put designers and model  
makers together to set a concept'

**sale**

**December 17th, 2019 - 2009 KTM 990 Adventure LC8 With even more displacement an electronic fuel injection regulated catalytic converter and an ABS System the 990 Adventure is now elevated to the highest technical level in matters of safety and emission control which is now regulated to conform to EURO III**

**standards'** *'KTM 950 Super Enduro R Wikipedia December 7th, 2019 - The KTM 950 Super Enduro R known as the 950SE or the SE is a dual sport motorcycle produced from 2006 to 2008 It is equipped with a 98 horsepower four stroke V twin engine adjustable heavy duty offroad suspension and enduro styling'*

**'Known Design Quality Control issues with the 950 990**

December 26th, 2019 - The engine was designed to be light narrow and torquey yet still rev freely You will no doubt notice similarities between the LC8 engine and a number of the Austrian Engine builder Rotax s creations This is no coincidence as much of the original KTM design staff was made up of former Rotax engineers Clutch'

**'Upcoming CFMoto tourer may feature KTM LC8 V twin derived**

October 26th, 2019 - The upcoming tourer will most likely use the KTM LC8 Liquid cooled 8 Valve V twin derived motor although with a revised displacement The CF1250G codename confirms that the engine will carry about 1 250 cc of displacement The LC8 engine as most of you would already know currently powers
