How do you find the surface area of a space figure

April 21st, 2018 - length times width i think There are different formulae for calculating the surface areas of different 3D figures If the 3D figure is a polyhedron then each face is a polygon and you can use the various formulae to calculate the area of each face and then add them together' 'Sacred Geometry Five Platonic Solids

April 30th, 2018 - Sacred Geometry Five Platonic Solids Five Regular Three Dimensional Solids Two dimensional Net View Three Dimensional Projection View Tetrahedron'
