the author of the three O'Reilly books Learning Python Programming Python and Python Pocket Reference all currently in fourth or fifth editions He has been using and promoting Python since 1992 started writing Python books in 1995

and "**Python2 Tutorial Object Oriented Programming Python Course**

**May 3rd, 2020 - Object Oriented Programming** In the previous chapters we intentionally avoided object oriented programming OOP We think it's easier and more fun to start learning Python without having to know about object oriented programming But even though we have avoided OOP we have used in our examples objects and methods from classes'
