Supplies and Equipment Used
by the Army' **'Single Channel
Ground and Airborne Radio
System SINCGARS**

December 21st, 2019 - 4 To
identify common post training
performance errors of
operators and weaknesses in
their skills and knowledge
base 5 To estimate post FOTE
operator performance
decrement over time 6 11 and
16 weeks and to validate
previous studies of operator
performance decay 6 To
document the operators
evaluation of the quality of
their train'

'Q l t e Ship Structure

December 26th, 2019 - Formal
ASIP developments were
initiated in the 1950's with
the introduction of jet
powered commercial aircraft
In the mid 1970's there was a
major overhaul of ASIP
policies for both military
and commercial aircraft This
overhaul was in direct
reaction to serious
structural problems which
were encountered in several
new airframes' **'VHF Military
Tactical Radios Joint
Tactical Radio System**

March 8th, 2019 - VHF

Military tactical radio

User Guide'

'Raytheon ITT to Offer Early Affordable Wideband Radios

November 22nd, 2019 - Two military communication leaders Raytheon Co and ITT are collaborating on two new highly affordable software communication systems the Microlight 3G and the Single Channel Ground and Airborne Radio Advanced Improvement Program enhanced SINCGARS ASIP E The new products share common modules waveform capabilities and operating environments'

'ASI Guide Department of Defence

December 25th, 2019 - ASIP and how ASI practitioners and the ASIP operate within the DASR regulatory framework Table 1 cross references ASIP tenets to DASR The DASR cross referenced in this table are not exhaustive This table is provided as a guide to key elements of the DASR suite whereby compliance for structures can be achieved'

'All About the Army Additional Skill Identifiers

December 26th, 2019 - In the Army Additional Skill Identifiers ASIs show extra skills training and qualification a soldier may possess These skills are in addition to their Military

Occupation Specialty MOS
classification''The new world
of counter drone technology
Military

October 31st, 2018 - As with
any military capability
advances by one side are
quickly challenged by
advances on the other side
Rapid technological advances
being made on an almost daily
basis by commercial and
military scientists and
engineers have put additional
pressures on the development
and fielding of UAVs and
counter UAV systems ?AI is a
really key area''RESEARCH

ADVANCES ON AIRCRAFT
STRUCTURAL INTEGRITY AND

November 25th, 2019 -
RESEARCH ADVANCES ON AIRCRAFT
STRUCTURAL INTEGRITY AND
SUSTAINMENT AT NRC both
naturally generated cracks
and pre notched with the aim
to guide the repair actions
Many static and fatigue tests
RCAF and Swiss military
aircraft operators selecting
cost effective maintenance
actions on exfoliation
corrosion 13 14'

**'Defense Advanced GPS
Receiver DAGR**

*December 24th, 2019 - think
let DAGR be your guide Hold
your position in the palm of*

your hand When it comes to surface mobility our GPS based equipment is proven The Defense Advanced GPS Receiver DAGR while small in size and weight is high on capabilities It is portable versatile and precise guiding you in vehicular handheld' **Boeing RC 135**

Wikipedia

December 20th, 2019 - The Boeing RC 135 is a family of large reconnaissance aircraft built by Boeing and modified by a number of companies including General Dynamics Lockheed LTV E Systems and L3 Technologies and used by the United States Air Force and Royal Air Force to support theater and national level intelligence consumers with near real time on scene'
