'Electronic Voting Machine using 8051 Project Kit

June 10th, 2018 -
Electronic voting machine has now replaced the traditional mechanism of ballot voting due to several advantages like security

automatic counting etc
The system consists of
two units the control
unit and the user
unit'

'RFID and Fingerprint
Recognition based
Electronic Voting
June 18th, 2018 - RFID
and Fingerprint
Recognition based
Electronic Electronic
voting technology can
speed the counting of
ballots and can
provide improved
microcontroller' 'users
