December 20th, 2019 - Foxeer has been my favorite camera for a while Now they have really upped the ante This camera has all the latest tech Auto light changing remote control and WDR But the best new feature is the switchable aspect ratio For years pilots had to choose between the two 16 9 for wider view or 4 3 for better detail'

**'Foxeer Falkor vs Predator FPV Camera Comparison**

**December 8th, 2019 - The Foxeer Falkor is an excellent all around camera I really like the image color WDR and FOV of the Foxeer Falkor The Predator suffers from bad lens flare and blue hue and the Falkor doesn't have these problems"Foxeer Mix ? another Split type camera**

December 16th, 2019 - Foxeer is releasing Mix ? their answer to the Runcam and Caddix HD FPV cameras There is only first picture that was shown to the public We know only that it is going to be micro sized camera module and some mainboard connected with the flexible cable'

**'Foxeer XAT600M HS1177 V2 2 8MM Mini FPV Camera**

November 30th, 2019 - FOXEER XAT600M nickname HS1177 is a classic FPV camera it is one of the most popular mini camera all over the world Foxeer HS1177 V2 has compact size vivid color ultra low latency as well as excellent performance under complicated conditions?great changes in brightness? due to good WDR'

**'RunCam 5 RunCam FPV Store**

December 23rd, 2019 - The camera is decent albeit quite good for the price It's annoying that they flipped the microUSB slot 180° in comparison from the previous models annoying if you upgraded from an older RunCam like I did Video quality is good but it doesn't handle low light very well Biggest problem is the live FPV feed'
