Instagram photos reveal predictive markers of depression

March 27th, 2017 - Using Instagram data from 166 individuals we applied machine learning tools to successfully identify markers of depression Statistical features were computationally extracted from 43 950 participant Instagram photos using color analysis metadata components and algorithmic face detection'

'Extended Tutorial How to Predict Employee Turnover

May 10th, 2018 - When employees walk out the door they take substantial value with them Not surprisingly then the broader application of predictive modeling across the enterprise along with the emergence of HR Analytics is leading organizations to ask how HR can start using data to predict and ultimately reduce employee turnover ?

'Logistic Regression for Rare Events Statistical Horizons

May 11th, 2018 - Logistic Regression for Rare Events February 13 2012 By Paul Allison Prompted by a 2001 article by King and Zeng many researchers worry about whether they can legitimately use conventional logistic regression for data in which events are rare'

'Applied Predictive Modeling 1st ed 2013 Corr 2nd

May 10th, 2018 - Applied Predictive Modeling Kindle edition by Max Kuhn Kjell Johnson Download it once and read it on your Kindle device PC phones or tablets Use features like bookmarks note taking and highlighting while reading Applied Predictive Modeling'

'Predictive Analytics What it is and why it matters SAS

May 10th, 2018 - Learn what predictive analytics do how they re used across industries and how to get started identifying future outcomes based on historical data'

'Logistic regression Wikipedia

May 8th, 2018 - In statistics logistic regression or logit regression or logit model is a regression model where the dependent variable DV is categorical This article covers the case of a binary dependent variable?that is where the output can take only two values 0 and 1 which represent outcomes such as pass fail win lose alive dead or healthy'

'Models Inference amp Algorithms Broad Institute

May 11th, 2018 - Models Inference amp Algorithms MIA is a Broad initiative to support learning and collaboration across the interface of biology and mathematics statistics machine learning computer science'

'Statistics com Earn a Certificate

May 8th, 2018 - Even though I used to perform sample size calculations before I was always skeptical of my work and was never confident if I was using the right methodologies This course has helped me understand when to apply which technique and I can calculate sample sizes much more confidently'

'Lesson 3 Logistic Regression Diagnostics IDRE Stats

May 10th, 2018 - 3 5 Common Numerical Problems with Logistic Regression In this section we are going to discuss some common numeric problems with logistic regression analysis'

'Predictive Modeling Using Logistic Regression Course Notes

March 30th, 2003 - Predictive Modeling Using Logistic Regression Course Notes SAS institute on Amazon com FREE shipping on qualifying offers Sas Institute Course notes really good working examples'

'A Complete Tutorial to Learn Data Science with Python from

January 14th, 2016 - This is a complete tutorial to learn data science in python using a practice problem which uses scikit learn pandas data exploration skills'

'Logistic Regression Enrollment Page The Analysis Institute

May 8th, 2018 - IT?S TIME TO FINALLY UNDERSTAND LOGISTIC REGRESSION ?I?m so glad I came across this site and registered for this workshop I?m sure I?ll be registering for more workshops in the future'

'Modern Machine Learning Algorithms Strengths and Weaknesses

May 7th, 2018 - 2 1 Regularized Logistic Regression Logistic regression is the classification counterpart to linear regression Predictions are mapped to be between 0 and 1 through the logistic function which means that predictions can be interpreted as class probabilities''
