husband and I are  
going on a small  
cruise from Lefkada  
We're planning on  
driving from Athens  
airport staying in  
Delphi for two nights  
on our way to the  
cruise I'd like to do  
a guided tour of the  
site if possible All

**In just about every  
Delphi application we  
use forms to present  
and retrieve  
information from users  
Delphi arms us with a  
rich array of visual  
tools for creating  
forms and determining  
their properties and  
behavior We can set  
them up at design time  
using the property  
editors and we can  
write code to re set  
them dynamically at  
runtime'**
