February 12th, 2014  
- please help with  
following problem  
Have to calculate  
the wall thickness  
for the Stainless  
steel Water tank I  
have found a lot of  
formulas and  
standards rules but  
I am confused  
because I get very  
different results  
Tables in general  
shown that minimum  
is around 2 3 mm  
but I get in  
general''
