***Introducing Oracle ASM Filter Driver Red Stack Tech***  
*July 4th, 2018 - The Oracle ASMFD Filter Driver was  
introduced in Oracle Database 12 1 0 2 and as of the  
moment it is available on Linux systems only Oracle ASM  
Filter Driver is a kernel module very much like the ASMLIB  
that resides in the I O path of the Oracle ASM disks'*

**'Oracle Automatic Storage Management Oracle ASM**  
**July 5th, 2018 - Automatic Storage Management ASM is**  
**a new feature in Oracle Database 10g that provides the**  
**database administrator with a simple storage**  
**management interface that is consistent across all server**  
**and storage platforms As a vertically integrated file**  
**system and volume manager purpose built for Oracle**  
**database files ASM provides the"Oracle ASM**  
**Diagnostics Script dbatoolz**

**July 12th, 2018 - Oracle ASM Diagnostics Script As I**  
**mentioned in Oracle Tablespace Monitoring I worked**  
**for a company that operated a very large internet site**  
**and our space consumption was at the rate of 800GB**  
**every month We were adding 4x400GB LUNs to our**  
**RAC cluster every two months And this amount of space**  
**needed to be added not only to the primary'**

***'Netapp Oracle Asm Oracle Database Databases***  
*July 8th, 2018 - ORACLE AUTOMATIC STORAGE*  
*MANAGER Oracle?s ?Automatic Storage Management?*  
*ASM is a powerful and portable storage manager designed*  
*to manage Oracle Database 10g? database files and*  
*Protection support automation SnapManager for Oracle is*  
*a host based management tool that integrates tightly with*  
*your Oracle Database to simplify a"***How to configure**

**Oracle ASM Disks Talip Hakan Ozturk s**  
**July 8th, 2018 - Hi Friends In this article I will write**  
**about configuring Oracle ASM disks with ASMLib To**  
**use a disk for ASM you must create partition and stamp**  
**the disks as ASM disks'**

**'Three ways to startup an ASM instance on a server**  
**July 14th, 2018 - Three ways to startup an ASM instance**  
**Before 11gR2 there was only one way to startup an ASM**  
**instance SQLPLUS In 11gR2 Oracle has added a**  
**startup shutdown functionality in the ASMCMD line**  
**interface and introduced a new GUI ASMCA The GUI**  
**will detect by startup if there is an ASM instance**  
**operational or not"Create Tablespaces Using ASM**  
**Oracle Wiki Oracle Toad**

**July 11th, 2018 - Creating a Tablespace Using an ASM**  
**Disk Group as the Destination There are different ways**  
**to create tablespaces using ASM disks This topic will**  
**first look at creating an ASM tablespace allowing the**  
**default ASM disk location to be used as a result of**  
**having set the DB CREATE FILE DEST parameter'**

**'ASMLib Installation Oracle**

**July 14th, 2018 - Installing Oracle ASMLib ASMLib is a**

---

**support library for the Automatic Storage Management feature of the Oracle Database This document is a set of tips for installing the library and its supporting driver'**

**'Oracle ASM and FRA Experts Exchange**

**July 11th, 2018 - Installed Oracle 11g R2 Configured ASM DATA for data files and FRA for backups If the FRA diskgroup which is non raided stops working due to the disk failure assume all other disks OS and DATA are still operating normally will the Oracle database can still be used accessed by the user'**

**'Oracle ASM Ronny Egner s Blog**

**June 6th, 2018 - Posts about Oracle ASM written by ronnyegner Dear Readers my blog has moved to a different server The new address is'**

**'Move Control File to another Disk Group Oracle RAC**

**July 11th, 2018 - This little exercise will demonstrate how we can move the control file from one ASM disk group to another or make multiple copies of the control file or even move the control file from the file system to ASM'**

**'Automatic Storage Management Wikipedia**

**July 11th, 2018 - Automatic Storage Management ASM is a feature provided by Oracle Corporation within the Oracle Database from release Oracle 10g revision 1 onwards ASM aims to simplify the management of database datafiles control files and log files'**
