December 23rd, 2019 - The Next Generation Science Standards NGSS are K?12 science content standards Standards set the expectations for what students should know and be able to do The NGSS were developed by states to improve science education for all students A goal for developing the NGSS was to create a set of research based up to date K?12 science standards'

'William H Calhoun New Physics Curriculum

December 1st, 2019 - My physics team has only three members For good or for ill we are all well versed in the old state framework and assessment The new framework is mostly based on the Next Generation Science Standards so it?s quite different I was excited about the change because I think the NGSS is a worthy approach'

'Simulation Open Framework Architecture Wikipedia

December 12th, 2019 - Simulation Open Framework Architecture SOFA is an open source framework primarily targeted at real time physical simulation with an emphasis on medical simulation It is mostly intended for the research community to help develop newer algorithms but can also be used as an efficient prototyping tool or as a physics engine'

'A new framework for RECASTing physics searches at the LHC

December 12th, 2019 - A new framework for RECASTing physics searches at the LHC ATLAS open data Software Preservation RECAST by Lukas Heinrich CERN On December 22nd 2015 a SpaceX rocket launched towards space delivering satellites to low Earth orbit and then instead of being lost to the depths of the ocean the rocket?s first stage the most expensive"Consciousness A New Framework ?
