## material culture assembling and disassembling landscapes

May 24th, 2020 - landscript 5 examines material  
culture in landscape architecture theory and design  
designed landscapes are temporal assemblages of  
extant and introduced materials constructed and  
maintained through the efforts of human labor  
mediated through non human forces and shaped by  
constantly changing cultural relations'

### 'night white skies

May 16th, 2020 - join sean lally in conversation  
about architecture s future as both earth s  
environment and our human bodies are now open for  
design the podcast engages a diverse range of  
perspectives to get a better picture of the events  
currently unfolding this includes philosophers  
cultural anthropologists policy makers scientists as  
well as authors of science fiction'

constantly changing cultural relations''reciprocal  
landscapes stories of material movements

May 31st, 2020 - reciprocal landscapes stories of  
material movements considers the social political  
and ecological entanglements of material practice  
challenging readers to think of materials not as  
inert products but as continuous with land and the  
people that shape them and to reimagine forms of  
construction in solidarity with people other species  
and landscapes elsewhere'
