archipelago an atlas of imagined

islands is a book edited

by huw lewis jones in

which a truly

international range of

leading illustrators

visualise and create

their own remote

islands explore this

panoply of

astonishingly creative

islands in this

extract"sniggling tump

john kilburn

May 1st, 2020 - the island

of sniggling tump for

archipelago an atlas of

imagined islands visiting

fisherman first gave this

peculiar island its name

when hunting the local

sea life with a sniggling

stick a sniggling stick is a

long pole with a baited

hook on the end that can

be poked into nooks and

crannies when the tide is

low'
